

Summer Days in Snowmass Village

3 days

[More Itineraries](#)

Leave your skis at home and venture to Snowmass for the summer. You'll spend 72 hours surrounded by nature ? biking through Maroon Bells, hiking for breathtaking views and screaming at the top of your lungs on an alpine coaster.

Sustainability Activity

Travel Like a Local:

There are special places and unique vistas around nearly every Colorado corner. You can help ensure these places exist for generations to come by staying on roads and trails, keeping speeds in check, leaving campsites and picnic spots just as you found them, and following instructional signs while you're out and about in our state.
