Farm Favorites

The Farm at Lee Martinez Park

With so many things to see and do on the farm, it's fun to get an idea of what experiences were kids favorites.

Questions to Ask:

Before they go in ask:

- What do you think you will see at the farm?
- What are you hoping to see at the farm?

While exploring the farm ask:

- What are your favorite things you saw and why?

Activity: After spending time at the farm, kids should choose five things or more that they saw or experienced at the farm. draw or write in what order their favorite things were. Starting at the bottom, draw or write in their least favorite and working their way up to their very favorite at the top. Older kids can add why they put them in that order.
