**Extra Credit Activity: Sangre de Cristo Arts Center**

**Background:** With its mission to create an artistic learning experience for everyone, the Sangre de Cristo Arts Center has been a welcome attraction in Pueblo for the surrounding region since 1972. Seven galleries house works of art from historic and contemporary artists. Recently a sculpture garden has been added to the site.

**Activity:** Choose two pieces of art that you like. To make the activity easier, choose works of art from the same gallery. Complete the Venn diagram below to compare the two works of art by identifying their similarities and differences. Be sure to include the title of each art piece.

**Word Alert:**

- **Venn diagram**—an illustration that shows similarities and differences between at least two things using circles. The areas where circles overlap identify things in common. The things unique to each work of art should be placed in the outside circles..

**Questions to Ask:**

1. How are the works of art similar? Colors? Medium used? How does it make you feel?
2. How are the works of art different? Colors? Medium used? How does it make you feel?
