Locate the wall-size illustration of the Colorado state map and find the Canyons & Plains region in the lower right-hand side on the map.

Questions to Ask:

1. What images located in the Canyons & Plains region do you see on the map? (images include: golden eagle, lark bunting, house - museum, fruit - melon, canyons, dinosaur tracks, pagoda, gun, father, water, vext, antelope, fort)
2. Based on the images, what do you think we will see during our trip?
3. Pick the top two images you are most interested in learning about and/or visiting during our trip.
4. During this trip, we will be traveling to the cities of Trinidad, La Junta and Lamar. Find and point to each of the cities on the map.
5. Show which roads you think we should take to visit all the towns?
6. Why did you choose this path? (answers will vary; some children might choose the most direct route others might choose a route that passes the illustrated images they are interested in).
