Trivia: A Time to Remember

Let's see how much you remember from your trip to Leadville, the highest incorporated city in North America.

1. What kind of fish are raised at the Leadville Fish Hatchery? *Cutthroat trout, rainbow trout*
2. In a fish life cycle, what differentiates larvae from fry? *Fry can begin eating their own food.*
3. What year did the fish hatchery get started? *1889*
4. What mineral was mined at the Climax Mine in Leadville. *Molybdenum (yes it's a mouthful and if your child can say it, that calls for an ice cream reward!)*
5. How many levels is the National Mining Hall of Fame and Museum? *5*
